

Our Health Equipment Loan Program (HELP) needs your assistance!

Volunteer opportunities are available for individuals who are meticulous and like to work with their hands. As a HELP volunteer you can choose to clean and repair medical equipment, provide customer service or assist with data entry, organization and inventory control.

If you have an extra two or three hours of spare time each week to assist in providing this valuable service to individuals who are recovering from surgery, illness or injury we welcome you to join our team.

No heavy lifting required, ideal for retired individual who enjoys a friendly flexible atmosphere.

Call Donna at the Red Deer office of the Canadian Red Cross at 403.346.1241 today.
